

Soergel Home & Garden Spring Availability

Please note this availability is a working document. It is subject to change, and these items are not guaranteed to be in stock.

*Due to staffing and logistical constraints during the busy month of May, we are only able to customize orders so much. If you want to ensure specific varieties of plants, the best course of action would be to come in during business hours and select your plants (M-F 10:00 - 5:00).

For example, we might be able to provide day lilies, but we cannot necessarily pick out specific varieties at this time. Thank you for your understanding

*Please note that we grow most of our perennials, and due to limited greenhouse space, we grow them outdoors. For this reason many of our perennials are freshly planted, and many on this availability may not yet be quite ready for sale. Thank you for your understanding
